'Spicezee'
Nectarine x Plum

'Spicezee' is one of Fleming's F2 Fruit® range of traditionally bred stonefruit. This crossbred nectarine (nectarine x plum) is characterised by having an excellent flavour with the desirable blend between the sweet, mild subacid nectarine and the tanginess of the plum.

Skin: Maroon-red with a rusty appearance.

Flesh: Pale green to white. Good firmness. Juicy.

Flavour: Very good. Distinctive.

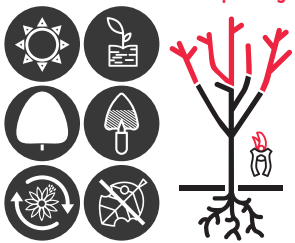
Culture: Prefers cool to warm temperate regions of Australia. Requires full sun and well drained soils. Pruning is recommended.

Pollination: Self-fertile.

Size: Standard Fruit Tree.

Care: For more information on planting, maintenance, and care visit **flemings.com.au**

Bare-root pruning:



Prune each limb by 50% just above a bud.
